

COLLEGE RADIO COALITION JOINT PROGRAM GUIDE

WHO WE ARE

Over the past several years, college radio has gained prominence as a source of new music, and has continued its role of presenting music which isn't normally heard on commercial radio.

Recognizing this, the four Cleveland area college stations have united and formed the College Radio Coalition.

The CRC is made up of the following member stations:

WRUW:	Case Western Reserve University	91.1 FM
WCSB:	Cleveland State University	89.3 FM
WUJC:	John Carroll University	88.7 FM
WBWC:	Baldwin Wallace College	88.3 FM

The purpose of the CRC is to make more people aware of the existence of college stations as a source of diverse programming.

By pooling the efforts and resources of our member stations, the College Radio Coalition is sponsoring concerts by bands who might not otherwise be seen in Cleveland. We are minimizing overlapping programming, and making listeners aware of shows on other member stations which might be of interest. The Coalition is also developing a network of associate college stations in other geographic areas.

The College Radio Coalition presents this joint program guide to inform you of all the diverse programming available on Cleveland college radio in the hope that you will listen.

NOW LOCATED IN THE STROSACHER UNION

OFFICE: 826-2145
